Introducing the Rental Heatmap: 13 Places to Rent Right Now

Thursday, July 12, 2012, by Adrian Glick Kudler

One of the major rental seasons is approaching (and also it is hot as hell), so, inspired by our pals at [Eater](#), we're rounding up the very hottest places to rent right now in our first **Curbed LA Rental Heatmap**. While LA has a rep for always chasing the newest and flashiest, we all know that some of the most desirable rentals in town are the grand old dames--both varieties (and more) are covered here. We'll be updating the heatmap as hotness comes and goes, so hit us up at [the tipline](#) if there's a building or block you think she be added (you especially, Westsiders!).
